Frash Day 1963

Last week we saw all over town the fresh men in wierd garb when they went to their schools to start their grade 10 year. In the picture you see one of the seniors whose shoes are polished by a frash.

ACCESS ROADS TO EDMONTON

Serious concern was expressed by the representatives of the Communities surrounding Edmonton, at the meeting of the Edmonton District Chambers of Commerce, held at Leduc, on Monday the 9th day of September, A.D. 1963, over the complete lack of co-operation by the City of Edmonton in providing decent access roads into the City.

At the meeting attended by representatives of Leduc, St. Albert, Jasper Place and Edmonton, it was pointed out that while the City of Edmonton expects the residents of the surrounding areas to patronize City establishments, that no effort was made by the City to provide suitable access roads into the City. Representations have been made by St. Albert during the past several years to Edmonton, urging that the deplorable condition of the portion of the St. Albert Trail lying inside the City Limits, be rectified but the only result has been a series of excuses for leaving the road way in its present condition, which the St. Albert representative declares is highly dangerous because of the narrowness and roughness of that portion of the road from 127th Street to the City limits where it joins the wide Provincial Highway.

YMCA EXCITING PROGRAMME

The St. Albert Y.M.C.A. has a very exciting programme planned for the 1963-64 fall and winter season. An interesting part of this programme is that this year classes for adults are offered and it is to be hoped that many in our town will support the 'Y' by joining one of these adult classes. For boys and girls there will be gym classes and swimming classes (beginners, intermediate and advanced).

We are very proud to have in St. Albert such an active Board of Management and also Mr. Grant McKeen, Extension Branch Secretary, who has had many years of experience in the 'Y' activities.

It is often forgotten that Y.M.C.A. stands for 'Young Men's Christian Association' which means that the 'Y' has a Christian basis, and their leaders are there to serve.

It was pointed out that residents South of the City and in Leduc area are forced to use 104th Street, which is also narrow and congested, and that the access from the East is also so narrow that traffic becomes seriously congested, making it awkward for residents in that area to get into the City.

The Jasper Place representatives pointed out that all traffic from that area was forced to pass through a bottle-neck in getting into the City, and that all traffic from the entire Southern portion of Jasper Place had to travel over a round about congested route, to reach the downtown Edmonton and particularly the South side, and it was declared that a West end Bridge was a critical necessity for that entire community.

The meeting of the Council went on record as protesting the lack of action respecting adequate access roads and adopted a resolution that a brief be submitted to the Edmonton City Council in a further effort to obtain some action in this regard.

GUESS CONTEST

Last week's contest had everyone guessing. One guessed a bouquet of roses, another a cabbage. Someone thought it looked like 3 iced cupcakes and another thought it was 3 chocolates. Sorry to disappoint you all, but it was just a muddled puddle of mud!

There will be no Guess Contest this week but watch for next week's. It'll be worth \$10.

'Sew a Sweater'

Science has brought us many wonderful new fabrics in seasons past. This year a most unusual offering is 100% wool knit by the yard. It has all the look of hand-knit but does not ravel so seams need no special attention. If you never learned to master the 'needles' then simply sew yourself a sweater. Faster than even the speediest knitter, you can sew a sweater in an evening!

Best Foot Forward

At one time boots were only a practical necessity. While our climate still dictates their utter necessity, boots have taken on a more than practical appearance. Leather-like plastics and nylon velvet boots are highly styled but completely washable. Especially this year boots are on their way up. The once ankle high styles are no more. Mid calf and even knee length are to be the fashion in boots this year. Also new is color in outdoor footwear. Can you see yourself kneeshigh in red leather?

Church School Rally (Kindergarten and Primary Departments) The Church School Rally in St. Albert will be held in two sections this year because of the increased enrollment that has made the Sanctuary too small for this service. The Rally for the students in the Kindergarten and Primary Departments (age 4 - Grade 3) will be held on Sunday September 22 at 9:30 a.m. in the sanctuary. Each student will go with his or her parents to the Sanctuary where the opening portion of the service will be directed to the students. During the second hymn the students and their teachers will retire to the Lower Hall for class work and the service in the Sanctuary will be continued for the adults. Every one is invited to attend this service. Rally Sunday for the Juniors and Intermediates will be held on 29 September. The Sacrament of Baptism has been observed on the last two Sundays. On September 8, Cameron James, son of Mr. & Mrs. W.H. Hite, was baptised and on September 15, Gracme Edward, son of Mr. & Mrs. G. A. Parkes, and Michael Willi, son of Mr. & Mrs. E. J. Hohmann, were baptised. The sermons on these two Sundays were on a related theme. On September 8, Dr. Schwarz preached on the 8th Chapter of Luke on the theme of what might be expected as the results of God's actions in and upon a life of faith. It was pointed out that in this one chapter St. Luke records that individuals, through Christ, were able to overcome faults of personality, fear of nature and of circumstances of life, infirmities of body and mind, and the fear of death. On September 15, Dr. Schwarz contrasted this with the destructiveness in individuals and society when one lives not the life of faith, does not put God first,

but seeks to live as they desire for themselves. Dr. Schwarz used as his text, portions of Judges 19-21 and used the phrase, "In those days there was no king in Israel and each man did as he saw right in his own eyes."

The Fall program of the Church has begun well with over 170 children registered on the first two Sundays, and more expected on the coming Sundays. The Senior Choir is under way with close to thirty people attending the first 2 practices. The U.C.W. has begun its meetings. The

At no time has the Community League asked for the \$22,000.00 Grant. We feel, that the Town Council has set up a Recreation Board & This is their Duty. If the Board can be of any assistance we will be pleased to help in any way. The Community League has asked for Assistance. But only in the form of a Budgeted Grant. Community League In the long Run are Self Supporting But there are Some that are not.

We would like to mention only one at this time. The Bridge Club.

This is an all Adult Group With a membership of between Thirty Five & Fifty Members. The hall is used every Sunday evening for three to Four Hrs.

Last year they paid the Community League less than \$2.00 per. Sunday. And for this all became members for a Full year. Now is it any wonder we ask for a small Grant.

Now the Gazette Reporter has called the Community Hall a Fire Trap.

Some People just Don't understand our Community efforts.

The Board of Directors of the Community League Thanks the St. Albert Gazette for this opportunity to try to straighten this up.

Ivan Brewster,
President,
St. Albert Community
League.

Dear Sir,

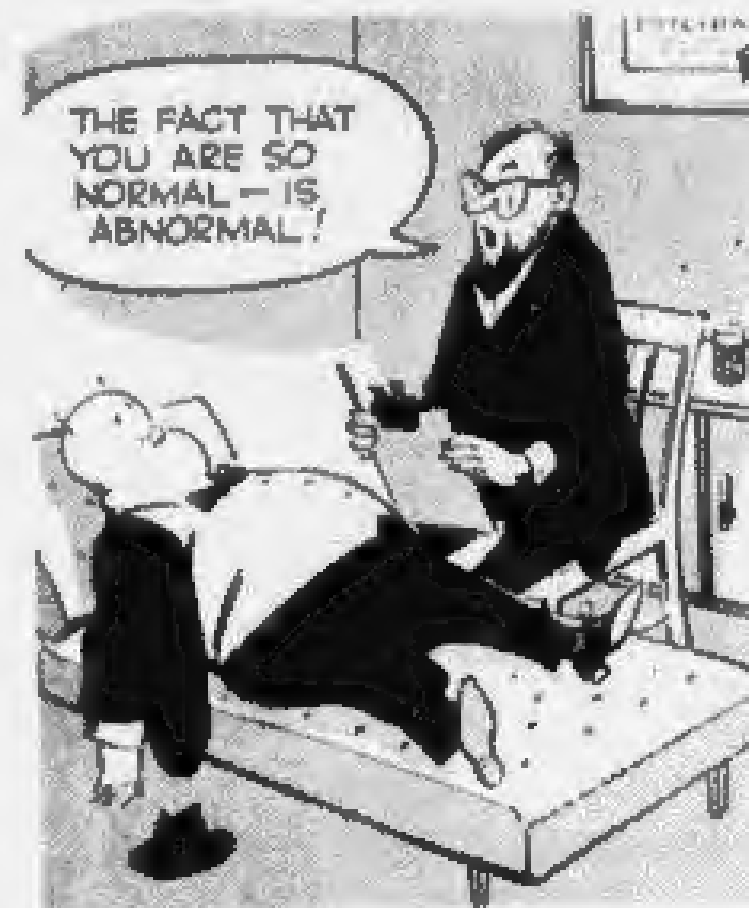

The Other Side

Last year, the St. Albert Bridge Club approached the St. Albert Community League for the use of the basement once a week for promoting bridge activities in our town. The agreement was that for the first year, the Bridge Club would pay at the most \$2.00 rent per week to enable the Club to organize itself and purchase equipment, although it was offered rent free for this time which is not up until October. We were fortunate that the St. Albert Community League was so broadminded as to accept our request which they considered would be of general recreational benefit for our town. Mr. Brewster once used the Bridge Club as a good example, saying that it was the only Club in town whose members were all members of the Community League. Normally this would mean that they are favoured over non-members in rental charges. Nevertheless, of the 40 evenings that the Bridge Club used the basement, at least half of these nights, we had to clean the basement before we could start to play. Also, most of the time the kitchen was not open, although this was part of the agreement. Sometimes the basement was in such a mess that even \$2.00 was much too high. Last Sunday again, the basement was in complete disorder; beer bottles, stale sandwiches complete with meat, papers,

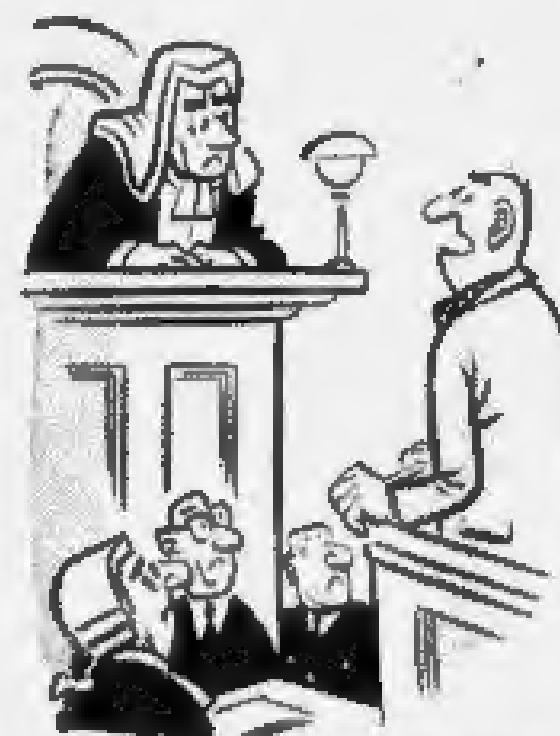

cigarette boxes and all kinds of dirt, were scattered all over the entire basement. It was at least 20 minutes before we could start to play bridge.

We know the Community League has had trouble finding the right caretaker, but we feel it is unfair that the Bridge Club should be singled out and the wrong impression given that we were receiving 'proper facilities' for less than \$2.00.

Bud Ahronson, President,
St. Albert Bridge Club.

"He's not so good at the water-jumps."

"Well, if you ain't dismissing me under the First Offenders Act, I'd like 20 other cases taken into consideration..."
